Accommodation

There is a lot of accommodation in the area but not so cheap. Mostly recommended are campings as the weather should be nice, there are plenty of them in the area. Also consider staying in Gdynia/Gdańsk and taking boat to races.

We have camping for competitors for 30pln/night/person (7€). Number of spots limited. If you want to reserve it please write us on email: gppomorza@gmail.com. There is also possibility of dining in Hel's school cantina.

Relay:

Map: „Za Latarnią”, July 2024

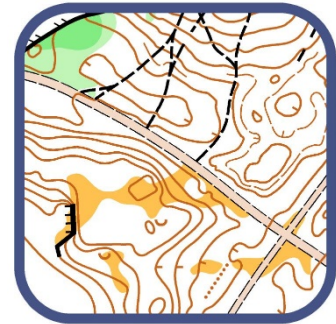

Mapper: Krystian Petersburski

Scale: 1:3000, contours 1m

Length: 340m for each leg

Limit per team: 120min

Punching: paper cards

Parking: Parking available near EC or in the city. For Para class parking available along Kuracyjna street with legitimation in visible place.

Access: EC – quarantine 980m (yellow path on map)

Path will be marked from Kuracyjna street.

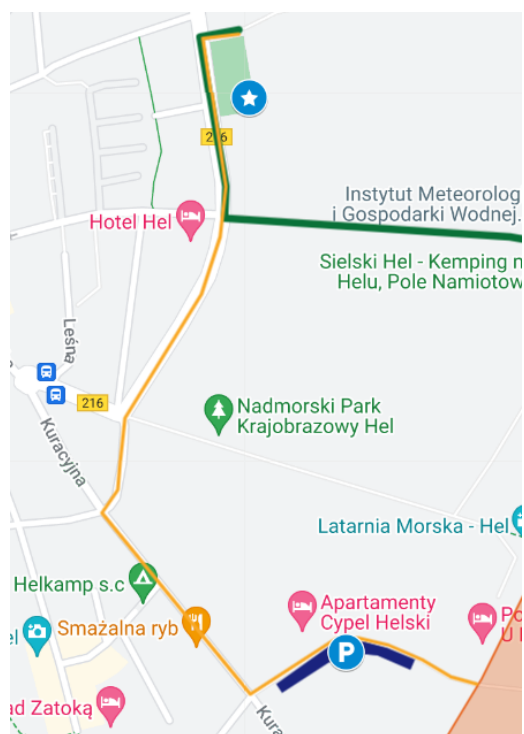

Form of event: Every participant will have map with 15 controls from which he must punch exactly 10. In the end each control should be punched twice by the team. First leg chooses 10 controls as they want, 2nd leg must take 5 controls not punched and 5 controls that 1st leg punched and 3rd leg punches what's left. On changeover competitors will pass each other special cards to show which controls they punched. It's possible to pass a watch on changeover to your teammate.

All legs has 1 TempO station with 5 tasks (Zero answer possible) after PreO part. Due to number of relays competing in Polish Championship (I was't expecting that many) I had to cancel 2nd TempO for non polish participant to allow everybody compete also in FootO, but if you want to do 2nd TempO it is possible after competition.

There is quarantine for all participants closing at 13:45. After race you are allowed to go back to EC the same way or wait on near opening for you teammates.

I used new symbol to represent small, round, one-man bunker.

● - bunkier/bunker

Results: The team with least time wins (PreO mistakes x 60s + TempO mistakes x 30s + TempO time). If team will punch control 3 times on PreO then counted are answers from 1st&2nd leg and 3rd leg answer counts as mistake.

PreO:

Map: „Baterie Przeciwlotnicze”, July 2024

Finish 1 – Start 2 (410m)
